Professional Summary

A graphic designer who has done a lot of creative graphics since secondary school and making profit out of it up until this time. After finishing bachelor's degree decided to engage into photography and also proved to be worthy of becoming a professional photographer. Excels in portrait photography and has a decent amount of knowledge in product photography as well.

An advanced user of Adobe Photoshop, Lightroom, Premiere Pro and Filmora as well.

Through hard-work and experiences over the years, it would become your holding ground and assurance that I would never fail to impress and provide you your desired output. Will work with the confidence that you, the client will have your needs sufficed.

To end, if you are looking for a creative graphic artist and designer or an experienced video editor with talent for developing unique custom artwork, adept at thinking out of the box to generate ideas and concepts. And an experienced overseeing individual projects as well as brand development collections. You have found what you are looking for.
